### EASTER CHURCH SERVICES.

Flowers, Church Music and Splendid Singing the Order of the Day.

Yesterday being Easter, augmented choirs and beautiful church decorations were noticeable features at the several church services in this place yesterday. Potted plants and sweet perfumed roses adorned the pulpits and added much to the attractiveness of the scene. Special music which has been under rehearsal for the past six weeks was rendered. The services at St. John's Roman Catholic church were as beautiful as they were impressive. Especially so was the case at the late mass. Monsignor Toner, of Rome, Italy, was the celebrant. Rev. Father Finnen delivered a beautiful and instructive sermon.

He took for his text Mark xvi, 1-7: "At that time Mary Magdalene and Mary the mother of James and Salome, bought sweet spices, that coming, they might anoint Jesus. And very early in the morning, the first day of the week, they came to the sepulchre, the sun being now risen, and they said one to another, who shall roll us back the stone from the door of the sepulchre? And looking, they saw the stone rolled back, for it was very great, and entering into the sepulchre they saw a young man sitting on the right side, clothed with a white robe, and they were astonished, who said to them: Be not afraid, you seek Jesus of Nazareth, who was crucified. He is risen, he is not here; behold the place where they laid him, but go tell his disciples and Peter, that he goeth before you into Galilee: there you shall see him, as He told you. The speaker in the course of his remarks went on to state how God was ridiculed and mocked by his persecutors. How He was ignominiously put to death, yet without how He conquered them by arising from His tomb, ascending into heaven on the festival day known as Easter. The singing of the choir was very good, and showed careful training. Haydn's Mass in C being sung. The usual Easter offering was also taken up and generously contributed to.

The following programme was rendered at the following churches:

## "My very Stomach Rises at it."

HAMLET.

Act 4, Scene 3.

If Shakespeare had been thinking of Cod Liver Oil when he wrote this he could hardly have expressed himself better. The popular opinion of this nauseating remedy is contained in the quotation given above.

It is true that attempts have been made to disguise cod liver oil in the form of greasy emulsion—generally more emulsion than cod liver oil—but the same sickening taste and repulsive odor is there and the stomach rebels against it.

A celebrated physician recently said: "Cod liver oil taken in any form is like so much soap put into the stomach." Not a very healthy remedy! And yet until recently doctors could prescribe for sick, debilitated and run-down folks.

The recent discovery and introduction of the great pre-digested food, Paskola, has done away with all this. Not man or woman need now fear sickening doses or dyspepsia or disordered stomach caused by nauseating fish oil. Paskola has done away with all this. Not only this but it adds tone to the stomach no matter what its condition may be and enables it to digest other food.

That is what Paskola is. That is why it has received such glowing testimonials from physicians for what it has done for people in supplying nutrition, healthy digestion and relieving debility and wasting diseases. It is a flesh former, a tissue builder and a vitalizer.

A pamphlet giving full particulars respecting Paskola will be sent on application to the Pre-Digested Food Co., 30 Rensselaer St., N. Y. City.

tended to two and a half years in Auburn.

Chief Little was sheriff at the time, but Curry has aged considerably since that time, wears glasses now and has almost entirely changed in personal makeup. Herron, alias Thomas, alias Curry, further admits that in company with one Hiram Waters, he broke into a drug store at Plymouth, kept by a man named Magee, and stole about \$400 from him, for which Waters got two or three years in Cherry Hill penitentiary. Herron says that he himself was not convicted of this offense, but the police doubt this. No bail has as yet been fixed for Curry and Judge Taylor being out of the city.

Burgess Maloney for a similar length of time turned in a little over \$200 in fees and fines. It is therefore but pertinent, in view of this fact, to remark since the fees referred to arise from cases tried, licenses, permits, etc.—principally from cases tried—there is a perceptible improvement in the department of the fractions and intoxicated element of the borough and for a paid police force there is no necessity.

## What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrup, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays Feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
